Subject: Authorization to Proceed with Phase III Bond Release of the Old Coarse Refuse Road Reclamation, Sunnyside Cogeneration Associates, Sunnyside Refuse/Slurry, C/007/0035, Task ID #3718, Outgoing File

Dear Mr. Netz:

The Division has completed a review of the information you submitted on December 21, 2010. This application is considered to be administratively complete.

A technical review of your application has been initiated. Technical deficiencies will be forwarded to you as reviews are completed. The Division will also coordinate with other agencies and incorporate their comments into our review process. Issues raised will need to be resolved prior to bond release.

Upon review of the Affidavit of Publication, the public comment period will end on January 13, 2011. If you have not done so already, a copy of the application should be on file with the Carbon Country Courthouse for public review during the comment period.

A bond release inspection will be scheduled once weather conditions permit.

Please call Steve Christensen at 801-538-5350 or myself at 801-538-5325 if you have any questions.

Sincerely,

Daron Haddock
Permit Supervisor
